Add resume ×

Resume name： First Resume

cancel   **determine**

STEP 5
### Create the content of the resume.

- You can edit your basic personal information by "edit" and upload your creative background photo by "background."

- You can customize the type of your resume by "Edition Type."

- Create your brand image by uploading a personal photo.

- Provide your education background in the "Education "section.
- Fill in the "work experience. "
- List the jobs or internships you would like to challenge in the "Job search conditions "section.

- Now you can use the "Preview" function to view the final structure of your resume.

STEP 6

Apply on the webpage!

Now you have completed your first resume, and you can go back to the Job-matching program website and apply for the jobs or internships .
